

G GREEN SG CHAMPION

Climate Adaptation Activity Book

Our climate is changing!

What can we do?

**Let's learn how we can help
our Earth, and change the way
we live and play!**

I, _____,
(Name)
will do my part!

Let's save energy!

Do you know that we use energy each time we turn on the lights or switch on the air-conditioner?

When we use lots of energy, our Earth gets too hot.

Find out how you can help!

Activity 1: Fill in the blanks

Match the correct word to each energy-saving tip!

1 Fan 2 Walk 3 Reduce 4 Close 5 Off

“ Hello children, I am not feeling well.

I feel hot and tired, can you help me?

your energy use.

Turn

the lights

when not in use.

Use the

instead of the air-conditioner.

Encourage your family and friends to

when visiting nearby places.

Remember to

your refrigerator door

properly after taking out food. With your help, I can

start to feel better once again.”

Let's beat the heat!

The weather is getting hotter, and our bodies can feel it!
Do you feel sweaty? Are your cheeks getting red and warm?
This means it's time to cool down. Let's drink up and find some shade!

Activity 2: Match the items

**Wear
a cap**

**Drink
water**

**Wear light
clothes**

**Find
shade**

Let's protect our coast!

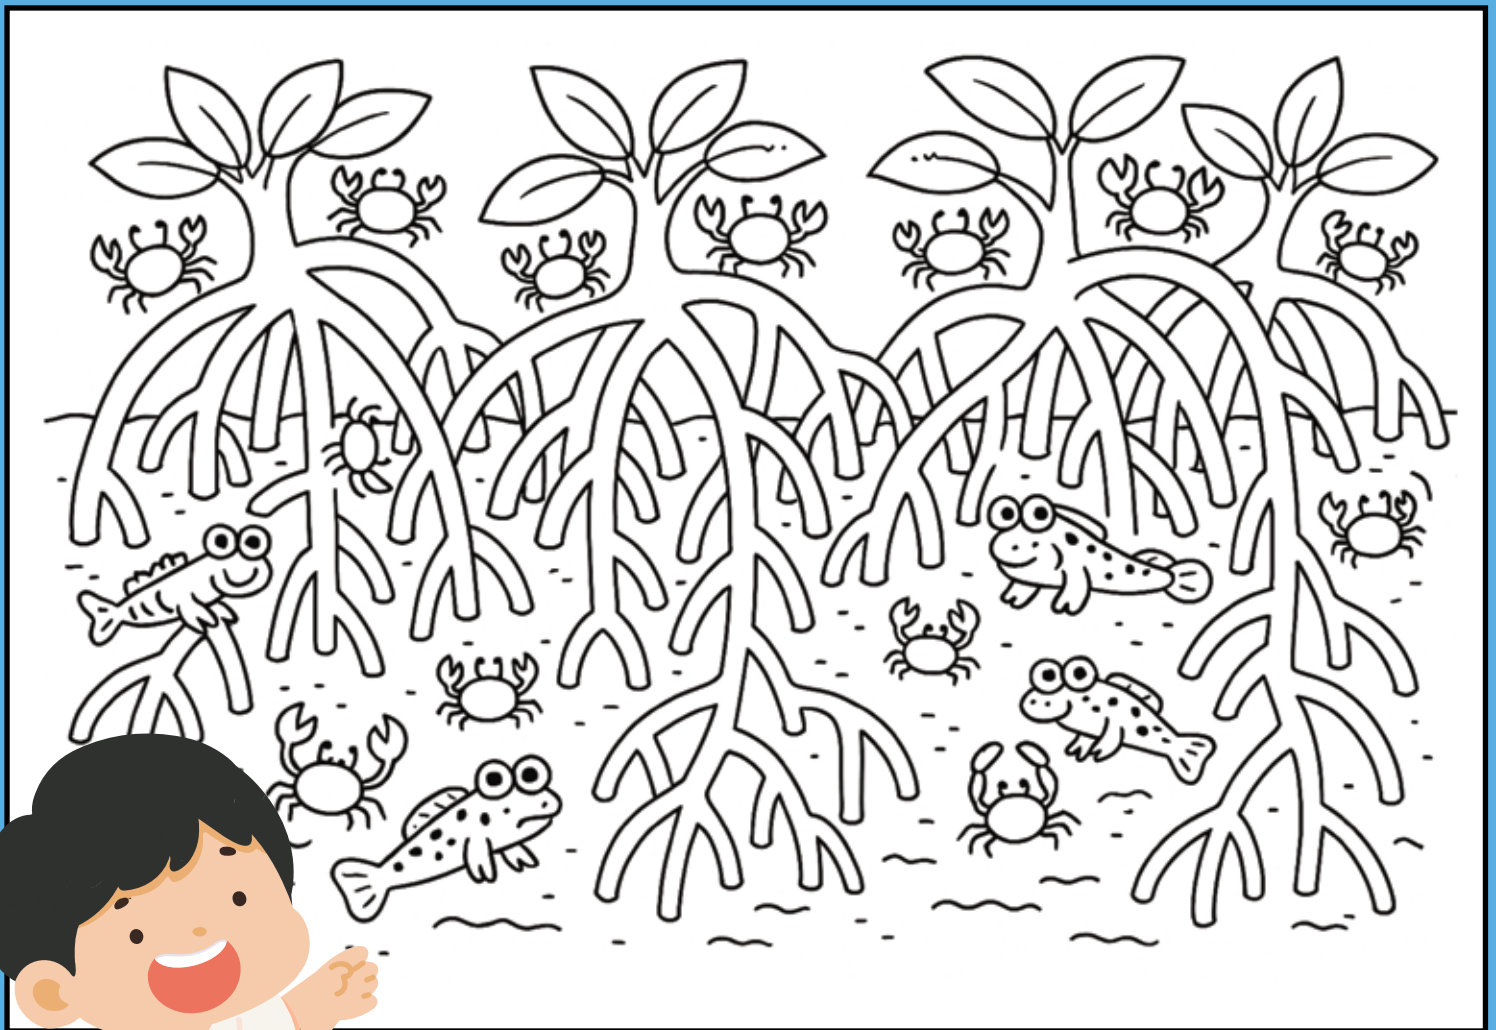

Singapore is a small island... and the sea level is getting higher!

Woosh! Splash! Oh no! The water wants to take away our sandy beaches.

Let's build sea walls, set up tidal gates, and plant mangroves to keep our coast safe!

Activity 3: Colouring time

Colour the busy crabs and jumping mudskippers that stay vibrant in the mangroves!

Let's support Local Produce!

It's hard to grow food outside when our climate is changing!

But wait! Our farmers use special ways to grow fishes,
eggs and vegetables for us.

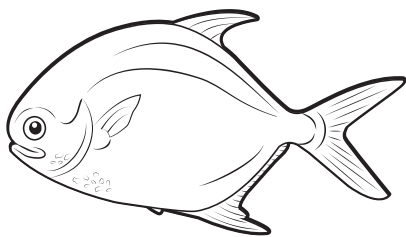

Look out for the SG Fresh Produce badge!

**Spot them at the supermarket and encourage your
parents to buy food grown right here in Singapore!**

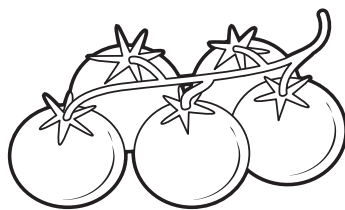

Activity 4: Form the words

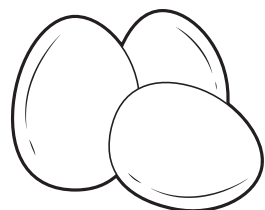

Fill in the correct letters for the local produce
in the pictures below! Colour them too!

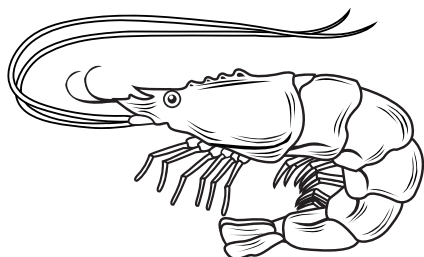

F I _ _

T O M A _ _ _ _

_ _ G S

_ _ _ W N

L E T _ _ _ _
